III ESTIMATED FIELD RESEARCH COSTS (in-country)*		1,000
IV (If Applicable) AIR TRAVEL, visa fees + travel insur. (approximate)		1,700
 TOTAL (COURSE EXPENDITURE)		<u>€20,700.00</u>

Notes:

All maintenance costs above are calculated on the assumption that students will spend 4.5 months (ie approximately 20 weeks) of their studies in Ireland at KDSC for Semester One, and another 4.5 months in Tanzania (at Sokoine University of Agric.) for Semester Two

All of the above figures are given as the most likely costs as estimated on the date shown at the bottom of this page.

*these are estimated costs of conducting 'in-country' primary research (field work) towards an MA dissertation, Costs may vary depending on a students individual circumstances

All of the above figures are given as the most likely costs as estimated on the date shown at the bottom of this page.
